It enables trouble-free and rational working without tangled cables.

The X BOARD XB 500 can be loaded up to 800 kg and is suitable for almost any type of drum.

Especially suitable for damaged cable drums.
The height-adjustable cover is perfectly designed to secure loose cables, cable rings or pipes in the X-BOARD XB 500, thus preventing uncontrolled cable unwinding.

12 rubberised feet ensure a non-slip and stable base. Optimal for protecting surfaces for already finished floor coverings.
